# EXCHANGE OLD MOBILE DEVICES FOR NEW POSSIBILITIES.

Business demands maximizing productivity, while minimizing expenditures. Have it both ways. With our on-going Go-Mobile Trade-in Program, you can heighten efficiencies, not costs.

Simply trade-in any outdated mobile device that has a display equal to or greater than 2" including models from Motorola Solutions, Symbol, Telxon and comparable manufacturer's brand. For every mobile device traded in, you can receive up to \$200 in return when you purchase one of the cutting-edge mobile computers featured below. There's no limit to the savings you can gain or the quantity of units you can recycle, with the return shipping paid by Zebra, so think big. And trust that we'll responsibly dispose of them all.

For the full details, see the official terms and conditions.
